SEMPER REFORMANDA

Greetings,

It is a joy to be with you for the 2024 G3 Reformation Conference in Texas! What a privilege to gather together with brothers and sisters in Christ and study the Scriptures and Reformation history.

As we consider the Reformation of church history, one thing we must takeaway from this conference is the fact that although it's one of the most significant eras of church history, the Reformation continues in our present day. The ultimate aim of the Reformation was to bring God's people back to the Bible. It was to reclaim the *form* that had been *deformed*.

Every single day the culture around us is seeking to deform the way we view Scripture and the slightest deformation at this point will send negative ripple effects through the entire church, which will defile worship, the church's order, and muzzle the church's ultimate authority, which is the sufficient Word.

Just as the courageous Reformers took their stand during their day, we too must continue to stand firm as we keep our anchor secured in the Word of God. Take time to share the conference link with your friends on social media who were unable to join you and remember to download the G3+ app so that you can stay in touch with all of our media, resources, and announcements.

Thank you for taking time to join us. It is always a joy to gather together for conferences and spend time together thinking, worshipping, and fellowshiping in the hope of the gospel.

Soli Deo Gloria!
